Help us - Help all those suffering with MSA around the world!

- Support promising brain research!
- Help patients with MSA, Parkinson’s and related diseases!
- Improve medical education for rare diseases!
- Raise awareness about MSA and related diseases everywhere!

IMAGINE EXPERIENCING PROBLEMS WITH BASIC BODY FUNCTIONS!

IMAGINE BEING TOLD BY DOCTORS THAT “IT’S ALL IN YOUR HEAD!”

IMAGINE HAVING A FATAL DISEASE THAT NO ONE KNOWS ABOUT!
This is what happens to people diagnosed with Multiple System Atrophy (MSA)!

MSA is a rare, rapid progressing neurodegenerative disorder. It impairs the systems that regulate blood pressure, heart rate and the bladder - many of the basic bodily functions that people take for granted every day. The life expectancy for those with MSA is typically 5 to 10 years. Patients with advanced MSA often become bedridden, unable to speak and completely paralyzed. At present, there is no cure for MSA, no genetic tests and very few treatments.

Defeat MSA Alliance invites medical professionals, allied charities and people everywhere to join us in this noble fight, to speak for those who cannot, with one mind, one heart and one voice: to defeat MSA forever!
